Cast

Upstage Arts Youth Theater is a non-profit organization committed to inspiring, challenging, and encouraging the talented youth in our community through the arts. Our talented cast has been entertaining the Bay Area community with fabulous Broadway Style productions since 2007. We offer a full theater experience, allowing students to expand their interests in performing, set design, and technical engineering. We are focused on building character, confidence, and teaching valuable lifelong lessons to our young actors.

Building Character on Stage

Upstage Arts invites you to partner with us in serving the aspiring actors in our community. We are inclusive of all children and strive to keep tuition affordable. Tuition and ticket sales provide partial funds required to run the theater nevertheless, we rely heavily on financial support of corporate sponsors to offer this excellent opportunity.
